1989 *Marine Corps Gazette* Index

In this issue, as in every December issue for the past decade, we are publishing our annual index—a listing by subject and author of the articles and book reviews published over the past year. We commend it to your special attention because so many *Gazette* articles have lasting value and back issues become valuable research sources. We have put some thought into categorizing articles by subject, have done considerable cross-indexing, have avoided "clever" titles throughout the year, and have done a fair amount of cross-referencing within the articles themselves—all in hopes that it will help you find the topics you are interested in and exploit the wealth in your back issues. SAVE YOUR *GAZETTES*. THEY ARE WORTH FAR MORE THAN MANY REALIZE.

Chase Prize Essay Contest

There's only one way to join the elite group of Marines listed above and that's to have your byline appear in the *Marine Corps Gazette*. A byline. of course, is a line printed above a magazine article telling who wrote it. When it appears in the *Gazette* it identifies you as a professional. And if this logo appears beside your byline it identifies you as one who cares about the Corps.

A 1989 MajGen Harold W. Chase Prize Essay Contest Entry.

But time is running out. The deadline is midnight, 31 December. Complete details for entering the contest appear in the Oct89 *Gazette*, p. 34.
